

WHAT'S HOT IN OHIO?

Erica L. Schneider

Assistant Environmental Administrator
ODOT-Office of Environmental Services

ENVIRONET UPGRADES (THE CONTINUING SAGA)

Phase 4

- Integrate Ecological Survey Form and process into EnviroNet
 - Form will be completed in the system
 - Agencies comment/approve in the system
 - Roll out by the end of the year
- Wetland Finding (E.O. 11990) incorporated into the system

Phase 5

- Incorporate other processes into the form
 - Section 4(f), Underserved Populations, Permit Determinations, Regulated Materials Review

ART IN TRANSPORTATION PROGRAM

Unique opportunity for Ohio to partner with local artists to better engage the community and address their needs.

Many benefits including deeper engagement with the community, relationship/trust building, and increasing community buy-in.

We are entering a pilot phase now. We are soliciting district offices to identify good candidate projects.
